Theoretical and experimental aspects of the spin-statistics connection and related symmetries

Trieste, Italy - 21st-25th October 2008 - Stazione Marittima Conference Center

Theoretical and experimental aspects of the spin-statistics connection and related symmetries (Spin-Stat2008)

Trieste, Italy, 21 - 25 October 2008

Second Circular

The international workshop on 'Theoretical and experimental aspects of the spin-statistics connection and related symmetries' (Spin-Stat2008) will be held from Tuesday Oct. 21 to Saturday Oct. 25, 2008 in Trieste, Italy, in the Stazione Marittima Congress Centre, in the centre of Trieste, directly on the seafront.

More information on the Stazione Marittima Congress Centre can be found on the webpage:

<http://www.promotrieste.it/congressi/congressi.aspx>

The scientific program is now online on the workshop website:

The fee can also be paid (cash only) at the onsite registration desk.

We remind also that all participants are expected to book the hotel themselves. Informations on the conference hotels can be found on the webpage:

<http://www.ts.infn.it/eventi/spinstat2008/hotels.php>

Please note that during the second part of the workshop week Trieste will host another meeting, and it may be difficult to find a lodging downtown so, please, reserve as soon as possible. If you need assistance, contact the workshop secretary.

The onsite registration desk opens on Monday Oct. 20 at 17.30 in the Stazione Marittima Congress Centre, and a welcome snack will be served at 19.00 to all participants.

Please, check the website for the latest news
